GRAND JURY  
STILL BUSY

Maile-Carter Injunction  
and Other Court  
Business.

In session most of the day, the grand jury was unable to render its final report yesterday. One of the matters investigated was the alleged violation of the license law by the managers of a Japanese play lately given. Owing to the drama's being obnoxious to Consul Miki Saito, a license for its public performance was refused. Under legal advice the managers ventured to present the play without charging admission, but it is said that they made auditors who were seated pay for the chairs. Consul Saito was a witness before the grand jury.

## NOTABLE EQUITY CASE.

Exceptions and objections to motion to dissolve injunction in the suit of Koolau Maile et al. vs. Joseph O. Carter, et al. were presented and partly argued before Judge Lindsay yesterday. The hearing will be resumed this morning. C. W. Ashford and Henry E. Highton appeared for plaintiff, and E. B. McClanahan for defendant. Mr. Highton addressed the court for two hours and had not concluded when the court rose at 4 p. m.

## MORE JURORS NEEDED.

In empaneling a jury for the trial of the ejectment suit of Kaleiokeki vs. Wailuku Sugar Co., before Judge Lindsay, the regular panel gave out and a special venire was issued, returnable Monday morning, with the following names thereon: Farm Corn, Harry S. Francis, James H. Boyd, James Veary, A. J. Smithies, Charles F. Murray, R. C. A. Peterson, John K. Inch, Edward F. McCord, Peter O'Sullivan, Edward Baker, Albion F. Clark, Chas. M. Keahini, Charles Girdler and W. A. McGowan.

## BEFORE JUDGE DE BOLT.

Judge De Bolt allowed the Attorney General's exceptions in eighteen fishery cases.

Kaneohe Ranch Co. discontinued its suit against the Territory to establish a fishery right.

Judgment by default was entered for plaintiff in the suit of W. W. Bruner vs. Kamalo Sugar Co.

Demurrer was argued and submitted in the case of Secondino Troche vs. Kekaha Sugar Co., damages for personal injury.

## GUITAR MAKER'S WILL.

Virginia Santos petitions for probate of the will of her late husband, Jose do Espirito Santos, the guitar maker, in which she is named as devisee, legatee and executrix. There are six children aged from 21 to 30 years. The estate consists of a house and lot at Kaimuki valued at \$1500 and musical instruments and tools at \$75.

SMALL PAY DRIVES  
OUT GOOD TEACHERS

H. M. Wells, school inspector for the Maui district, has returned from a tour of two months in his territory. He found the schools in fairly good condition, though in some places it is difficult to obtain efficient teachers for the salaries offered.

"Teachers will not stay long in out of the way places," Mr. Wells says, "for \$25 to \$50 a month. Men are leaving the teaching profession for other occupations, under the present circumstances."

SELF CURE NO FICTION!  
MARVEL UPON MARVEL! NO SUFFERER NEED NOW DESPAIR, but without running a doctor's bill or falling into the deep ditch of quackery, may safely, speedily, and economically cure himself without the knowledge of a second party. By the introduction of the New French Remedy, THERAPION, a complete revolution has been wrought in this department of medical science, whilst thousands have been restored to health and happiness who years previously had been merely dragging out a miserable existence.

THERAPION No. 1 is a remarkably short time, often a few days only, effects a cure, superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2, for impurity of the blood, scurvy, pimples, spots, blotches, pains and swellings of the joints, gout, rheumatism, secondary symptoms, etc. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3, for nervous exhaustion, impaired vitality, sleeplessness, and all the distressing consequences of dissipation, worry, overwork, etc. It possesses surprising power in restoring strength and vigour to the debilitated.

Is sold by principal Chemists throughout the world. Price in England 2/6 and 4/6. In ordering, state which of the three remedies required, and observe that the word "Therapion" appears on British government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

Y. M. C. A. SOCIAL.

The young men of the Y. M. C. A. carried out a most successful social at Association Hall last night. Among the good things on the program were vocal solos by Raymond C. Brown, instrumental solos by Ernest Karl and by Mr. Anderson of the Bennington, and a recitation by J. M. Desch. After college songs the audience adjourned to the upper rooms for refreshments and to see a most carefully prepared art exhibition—a take-off. W. T. Pope deserves great credit for this as does Jesse Dutot, chairman of the whole social committee. A large number of ladies as well as men enjoyed it all.

LOOKS FOR  
BIG TRAVEL

Frank Seaman Certain  
Hawaii Will  
Prosper.

"I look to see Hawaii getting a good share of the tourist trade in the future, for Japan has focused the attention of the travelling public on this part of the world."

So says Frank Seaman, head of the great tourist advertising agency in New York City which bears his name, and the man who has interested himself all winter in Hawaii, as a Mecca for the tourist. Mr. Seaman arrived yesterday on the China, en route to Japan, where he will remain several weeks. On his return he will stay over here for about two weeks. Yesterday he was the guest of E. M. Boyd, secretary of the Hawaii Promotion Committee, who recently visited Mr. Seaman while in New York and induced him to come this way.

"I know a lot of people," continued Mr. Seaman, "and every summer they simply go and buy their tickets for Europe. It has become second nature to them to do so. It's a fad. They have not hitherto had this part of the world brought to their attention in the way that would attract them. But this war has done much, and now, through that great advertisement the traveling public knows that it can get steamer accommodations in the Pacific comparing most favorably with those in the Atlantic boats. Now that they're attracted they will head this way I'm sure."

"I cannot say, authoritatively, but I feel certain that the Pacific Mail steamship Company will build a couple more large steamers for their growing Pacific trade."

"As to Hawaii I am charmed with it. I never dreamed it was so beautiful. You have scenery here that travelers from far and near should come and see. I had read some books on Hawaii—Casspar Whitney gave me his book on the islands just before I left—but somehow I thought that the islands would be rather bleak, sandy and barren, with here and there some tropical trees, and I am agreeably disappointed."

"The whole world is traveling nowadays. The Americans are traveling more than ever, and even the Europeans are doing more of it than usual." Mr. Boyd and J. A. Gilman-entertained Mr. Seaman and Mrs. Brown-sarre, a prominent writer of New York, who is also en route to the Orient, during the day, a ride to the Pali, a visit to the Aquarium and the Museum forming the program for the morning. The party lunched at the Moana.

PUNAHOU SENIORS  
ENTERTAIN FRIENDS

The Senior class of Oahu College entertained its friends yesterday afternoon with a reception, baseball game and ring tournament.

Shortly after 2 p. m. the class gathered in front of Science Hall for the purpose of planting the class tree, which in this case was a rubber one. Before doing so, Lawrence Judd made a short speech in which he dwelt upon the various athletic successes of the past year, and the important part which the members of the class had taken in the various events. He took the opportunity to thank the teachers for all they had done in the past, and gave a few words of advice to the coming Senior class.

During the planting of the tree, a mixed quartet rendered the class song, written by May Fraser, one of the graduates, and set to music by Prof. Barton.

The ring tournament was held near the baseball field and after the trial runs, Allison Jordan was adjudged champion for 1905, he having picked seven rings out of a possible nine. Jordan was also champion for 1903. Walter McDougall came second with six rings to his credit. The other boys entered were: J. Peterson, L. Withington, S. Bowen, L. P. Judd, S. Ashford, A. Jordan, P. Withington, A. Lowrey.

The baseball game was between the Seniors and the rest of the school. As the Seniors had at least six men on the school baseball team they had little difficulty in walking around their opponents, and won 11-3.

Save for the graduation exercises to-night and the Senior dance on Monday night this closes the Senior week happenings.

Y. M. C. A. SOCIAL.

The young men of the Y. M. C. A. carried out a most successful social at Association Hall last night. Among the good things on the program were vocal solos by Raymond C. TO IMPROVE  
THE BEACH

New Moana Resort Will  
Be Welcome  
Addition.

Within the next seven days the old bath houses of the defunct Long Branch resort at Waikiki will have been removed and Alexander Young, proprietor of the Moana Hotel, as well as of the magnificent hostelry in town bearing his name, will commence to put the grounds in shape for the new and modern resort there.

It is proposed to lay out the grounds with lawns and to make the place as attractive as possible. A handsome bathhouse will be built close to the dining hall building of the Moana Hotel. The bath rooms will be all that the public can ask for, each one to be furnished in a manner which will give comfort to patrons. The bath rooms of the Moana Hotel proper will be continued but will be reserved largely for guests of the hotel.

The Moana Hotel building is to be entirely repainted. The elevator will be lifted in future by hydraulic power and electric power will be generated by the use of crude oil instead of coal as at present. Coal smoke is somewhat disagreeable to hotel patrons, as the wind generally blows it across from the engine house directly into the hotel.

In fact, Alexander Young intends to make the Moana Hotel and its neighboring bathing resorts as up-to-date as possible. One of the finest stretches of beach fronts the Long Branch property.

Take the Women of Honolulu the  
Same as Elsewhere.

Hard to attend to household duties With a constantly aching back. A woman should not have a bad back, And she wouldn't if the kidneys were well.

Doan's Backache Kidney Pills make well kidneys. Here is a Honolulu woman who endorses this claim:

Mrs. Emma Vieira, of King street, this city, says: "For three or four years I had the misfortune to be afflicted with an aching back. The pain and discomfort this entailed on me can be better imagined than described. I have two children, and it was of course difficult for me to attend to them while oppressed with suffering. The way in which I found relief eventually was by using Doan's Backache Kidney Pills, procured at the Hollister Drug Co.'s store. They did me a large amount of good, as I now testify. I should certainly recommend those who have backache or any other form of kidney trouble to try Doan's Backache Kidney Pills."
